F7-RETURN TO MAIN MENU
WESTERNS
QUESTION 01

Make your own question diskettes with ***QUIZZER.***

Eight mysterious dark satellites orbiting the Earth MUST be destroyed. Their onboard computers have malfunctioned, generating an enormous volume of questions which are strange, cryptic - even trivial. Your extensive knowledge must be combined with careful strategy if you are to succeed in this mission.

QUIZAM! is the only trivia game that utilizes the true power and the real nature of the computer. ***QUIZAM!*** simply cannot be played on a board! Throw away your dice and turn on ***QUIZAM!*** - the first trivia game that *belongs* on a computer!

Over 2,000 questions are included with the program, on these subjects:

FUN FACTS Categories (two diskette sides)	SCHOOL DAYS Categories (one diskette side)
15-Minute Celebrities	*Vocabulary*
Sports and Games	*History*
Popular Culture	*Art*
Television	*Physical Science*
Potpourri	*Geography*
Publications	*Literature*
Music	*Music*
Movies	*Life Science*

Other question diskettes are available including *Science Fiction, The Boob Tube, Rock-On,* and *Dynamic Decades,* with many more to come. And as if that weren't enough, read on ...

SPECIAL EXCLUSIVE ***QUIZAM!*** FEATURE!

Only ***QUIZAM!*** has ***QUIZZER,*** a full-featured program which allows you to create your own question diskettes! Ask questions about your favorite subjects, your profession, hobbies, and interests. Make studying fun! Prepare a special diskette with questions about your friends and family to make your next party really special!

Finally ... a computer trivia game where the computer isn't trivial!

FEATURES OF ***QUIZAM!***

- One to eight players
- Eight completely different game boards
- Eight levels of difficulty
- Over 2,000 questions included on 2 diskettes
- A real strategy game - no randomness
- Multiple choice questions
- Joystick, keyboard or paddle controls
- Full color graphics
- Music can be toggled on/off
- Capability to write your own question diskettes for fun or profit
